## OUR TERMS

All bills are subject to 2 per cent discount within ten days from invoice date. Sixty days net. Sight draft, plus interest, thereafter.

Shipments are forwarded by best carrier, in our judgment at time of delivery, unless otherwise specified by customer.

First-class stock is carefully packed when shipment is made, and we hold good order receipt from the transportation company. Our responsibility ceases thereafter. If the stock reaches you in bad condition, notify agent and bring claim against the delivery company for damage caused by their negligence, as no allowance for this cause can or will be made by us.

We endeavor to send out only the best quality of **Bulbs, Plants, Seeds and Cuttings**, but under no circumstances do we guarantee results of crops. If goods are not acceptable under these conditions, they must be returned to us at once.

**Bulbs**, whether shipped on arrival or placed in cold storage for later delivery, may be examined at time of arrival if desired, but no claims will be entertained at a later date.

As to all items other than **Bulbs**, claims must be made within five days after receipt or they cannot be recognized.

Please send me the same variety and quality, only smaller size bulbs. My only complaint (?) is that last year my Lilies were too large, with too many buds. I had them with eight to fourteen buds, and they were the best lot of Lilies around my neighborhood.

## DAFFODILS

I have meant each time, when I have written you, to tell you how fine the Sir Watkin Daffodils are this year. We haven't lost one bulb. Quite a number have come with two or more flowers. They are really the best Daffodils we have ever had. The stems are all twenty inches and some of the flowers are a little over four inches across. These are actual measurements. I have just picked a bunch and measured them.

## IRIS (Domestic)

### Speaking of "DUTCH BULBS"

You buy Lilies, Valley and other imported bulbs from American firms, why not Tulips, Hyacinths and other Dutch bulbs?

Our importations increase each year only because we deliver the right kind of stock at the right price.

When we sell you F.O.B. NEW YORK, it means just that, including EVERYTHING, except transportation from New York to your place. You PAY NOTHING IN ADVANCE. You won't find cases, packing, ocean freight, duty, entry fees, foreign charges, and numerous other unexplainable extras on your bill, so common to direct (?) buying.

This past season THESE CHARGES AMOUNTED TO OVER FORTY PER CENT of your bill, PAYABLE in most instances, BEFORE bulbs were delivered.

Buying in the large quantities that we do, we naturally are able to insist upon and get stock of the best quality obtainable.

Our reputation of thirty-six years of square dealing, stands back of our sale of these bulbs as it does of every other item we sell.

Send us a list of your requirements or give it to our salesmen, and we will quote you at the earliest possible moment, guaranteeing price against an advance, and giving you any benefit of a decline in the market, up to time of delivery.

## SUNDRIES

### STOP THAT THIEF!

Insects (the other fellows) are the best flower salesmen you have, but don't let them steal your profits. Spend that ounce of prevention NOW. Crippled, imperfect or dirty flowers seldom bring top price.

Get busy NOW and don't forget,—“the effectiveness of any good Insecticide depends largely on the man behind the gun.”

## **Samples of the Success of S. S. S. in giving Service and Satisfaction**

I have had a standing order for all my lily bulbs with you since 1914, and I have never received other than first-class bulbs. It has been a pleasure to grow Lilies from such excellent quality stock. The ones I received this year I consider to be as good, if not better, than ever before. I can recommend with the greatest confidence that your bulbs will make hard, thrifty plants of excellent size and quality of flowers.

GEO. H. SINCLAIR, Holyoke, Mass.

\* \* \*

The case of Erabu we bought from you last year produced the best Lilies we have ever seen. One plant bore forty-two flowers, the largest we have ever heard of, and over half the case averaged more than ten flowers. We did not lose one bulb in the case. Lest you forget, these were only 7-9s.

ROWDEN & MITCHELL, Wallingford, Conn.

\* \* \*

I might add that the Harrisii bulbs are as fine as any I have ever grown. Thanking you for service,  
ROBERT M. ROGERS, Wilmington, Del.

\* \* \*

Our Harrisii Lilies during February and March turned out fine. Averaged five to ten blooms per bulb.
